What is the size of the locker?

The MECOLOR Vertical Single Tier Small Locker has an overall size of H36.4" x W14.9" x D17.7" (HxWxD) and a single compartment size of H10" x W13" x D16.3" (HxWxD). Its storage space is large enough for various uses, such as a wardrobe or file cabinet for storing clothes or documents.

What is a custom line locker?

Trying to force-fit a solution is an exercise in futility - the so-called square peg in a round hole. That's exactly why we have created our Custom Line of lockers. These are lockers that are made especially for people that know exactly what they want and just need someone who can work with that. What's your favorite color?

What makes our lockers unique?

Using modular designs, interchangeable features, easy-to-swap materials, and adaptable technologies, this line of lockers is exactly what you make of it. And like all of our lockers, they are engineered and manufactured with laser precision.

How do you customize a great openings locker?

Customize the locker exterior with raised bases, sloped tops, mail slots and venting. Inside & out, our attention to detail optimizes the lock function of every locker. Your lockers, your way. Great Openings lockers are highly customizable from the metal and laminate color down to the front pull and locks.
