

How to complain about poor quality of photovoltaic panels

How do I complain about a solar panel company?

You can submit a complaint to the solar panel company's BBB page. This does not fall under an official, legal complaint category, and it isn't a guarantee of follow-up action for your issue, but it gets your issue known. If you are lucky, the solar panel company might follow up with customers and give you a response.

Are customer complaints a problem in the solar industry?

Customer complaints against the country's residential rooftop solar industry have increased dramatically in recent years. One-star ratings on Solar Reviews increased more than 1,000% since 2018. Across the country, prosecutors are investigating high-pressure sales tactics and misleading financing arrangements.
