

Jinko Solar Panels Southwest Delivery Agent

Who makes Jinko Solar panels?

Jinko, founded in 2006, is a solar panel manufacturer. On this page, you can find a complete list of solar panels from Jinko and compare models side-by-side. Quick facts about Jinko solar panels in the EnergySage Buyer's Guide: Are Jinko solar panels best for you? How to choose the right solar panels for your needs

Does Jinko Solar make inverters?

Jinko Solar makes solar panels and solar batteries. The company does not have any information about inverters. Like many panel manufacturers, it likely relies on your installer coupling the panels with third-party inverters, such as those from Enphase or SolarEdge.

Is Jinko Solar a good company?

The company has also been rated 100% recognized and bankable by respondents to a Bloomberg survey sent to banks, construction companies, and utilities. Backed by advanced R&D, Jinko Solar offers an assortment of panels to suit your needs from sleek, all-black, ultra-powerful panels to more cost-effective models.

How much does a Jinko Solar System cost?

Jinko has multiple manufacturing facilities globally, including in the United States. The Jacksonville, Florida, location has been producing solar panels since 2018. A solar energy system built with Jinko solar panels typically costs around \$2.60 per watt. That means a 6 kilowatt (kW) Jinko system will cost you about \$16,000 before incentives.

Where are Jinko Solar solar panels made?

However, Jinko Solar recently opened a solar panel manufacturing facility in Jacksonville, Florida, where they manufacture the aptly named "Eagle" series of American-made solar panels. Jinko Solar panels-and the Eagle series in particular-are increasingly popular in quotes to solar shoppers comparing their options on the EnergySage Marketplace.

What does a Jinko Solar System include?

Features roof mounted panels, inverter (or several micro inverters), a power meter, and batteries. Jinko Solar has been a top performer in the industry's most respected third-party lab test for nine consecutive years.
