

Ranking of the top three photovoltaic panel brands

What are the top solar panel brands in 2024?

February 13, 2024 - Today, SolarReviews released its annual solar panel brand ranking list, and Qcells has been crowned the top solar panel brand for the second year in a row! Details around the ranking list can be found [here](#), but here is a quick snapshot of the top 2024 solar panel brands:

Who makes the best solar panels?

Maxeon (also one of the best solar panel brands) still currently manufactures SunPower's highest-quality line of solar panels (the M-Series), but is now able to sell these panels to other U.S. solar panel companies. 2. REC Group Summit Energy via REC Group REC is a European-based solar company that offers a range of solar panels.

What are the best home solar panels?

Hanwha Q Cells, REC Alpha Pure, Panasonic EverVolt, Silfab, and SunPower A-Series are the best home solar panels on the market. The price per panel of most of these averaged around \$300. The best solar panels come standard with a 25-year performance warranty. Monocrystalline solar cells are more efficient than polycrystalline types.

Which solar company offers the best & most expensive solar panels?

After reviewing hundreds of solar panels, we found that SunPower offers the best (and most expensive) solar panels. Choosing the best solar panel can feel overwhelming, but it's easier than you might think. If you select a quality solar installer, in most cases they'll install quality solar panels. Many companies offer great solar panels.

What are the best solar inverters?

Going solar is a long and major investment, so it's only natural to seek out the best equipment to maximize your savings. In the last 12 months, REC, Q Cells, and Panasonic stood out as the best brands for solar panels, while Enphase and SolarEdge were the best brands for inverters.

Which solar panels are best rated for hail damage?

Top performers: JA Solar, Jinko Solar, Trina Solar. RETC's hail durability test takes UL and IEC standards testing a step further, exposing solar modules to higher kinetic impact to reflect the risk posed by hail over a 25 or 30-year operating life.

Q Cells, which is a brand manufactured by Hanwha, is the best solar company for value, in our opinion. Despite being more affordable than most other tier-one solar panel ...
